

Penn Township SWM BMP 5.9.1 Source Control: Street Sweeping Operation & Maintenance Inspection Form

BMP/Property Owner: _____ Phone Number: _____

BMP/Property Address: _____

Please complete the following table by providing the information requested by Penn Township.

Requested Items	Comments
Identify equipment/method used to perform street sweeping (mech. broom, vacuum, vehicle make/model, etc.)	
Provide records of disposed materials (testing and disposal receipts).	
Provide a schedule of the street sweeping frequency.	
Were additional sweeps performed due to a complaint? If yes, please provide a separate narrative explaining the incident. Include date, time and additional information.	
Please provide any additional comments/concerns.	

Inspector: Signature: _____ Name (printed): _____

The maintenance of impervious surfaces assigned a street sweeping Best Management Practice (BMP) is required by the NPDES MS4 permit for Post Construction Stormwater Management (PCSM). Township staff may inspect the location of surfaces serviced by street sweeping to ensure salt, sediments, vehicle fluids or other debris is not accumulating within the parcel. Please drop off the completed report at 20 Wayne Avenue, Hanover, PA 17331 or send via email to pennadmin@comcast.net. Photos may be included to address a concern or clarify a statement. Penn Township appreciates your assistance in protecting our local waterways.
